Subject: Dimock: Summary of Info shared with PADEP and Cabot

THIS MEMO MAY CONTAIN PRIVILEGED ATTORNEY-CLIENT COMMUNICATIONS

Hi Kathy,

This responds to your request for a summary of the information EPA has provided to PADEP and Cabot related to Dimock. After reviewing my inbox and checking with Karen Johnson, and also Jennie Saxe and Amy Johansen (on what Shawn and/or Bill sent), this is what I found:

December 14, 2011:

Karen Johnson met with PADEP (Scott Perry) and gave him paper copies of the data that we had received from counsel for certain residents. These paper copies consisted of a report dated 9/13/2011 covering an Aug. 4, 2011 sampling event; and an October 25, 2011 report covering a September 1, 2011 sampling event.

December 28, 2011:

Ron Borsellino emailed to John Smelko (Cabot), attaching 3 files with organics data, entitled "august 4 2011 testing.pdf," "sept 1 2011 testing part I.pdf" and "sept 1 2011 testing part II.pdf.". This appears to be the same information that Karen Johnson gave to PADEP, above. There may have been duplicate information in the files.

January 6, 2012:

Shawn Garvin emailed to Mike Krancer (PADEP) a list of "8 initial residents where we are likely to do additional sampling." The email attached a file entitled "Summary of Residents Without Water.docx". The document is dated 1/6/12.

If you need more info, just let me know. Humane
